The Nashua and Rochester Railroad is nearly in readiness for the laying of the rails from Rochester to Epping, to which place it is expected the line will be opened by August 1. The entire road will, it is thought, be completed by April, 1874.

The Pennsylvania Air Line.
The new through route from Washington to New York via Potomac Railroad and the Baltimore tunnel is called "the Pennsylvania air-line" route. The route is over the lines of the Pennsylvania Railroad Company. From Philadelphia it runs through Lancaster to Columbia, Pa., where the Susquehanna river is crossed, and thence by way of York to Baltimore. The tunnel being completed, passengers are carried through without delay. Throughout the road is double track, laid with steel rails and stone ballast. The equipment is entirely new, and is as perfect as it can be made. Two express trains run entire between New York and Washington daily, leaving New York from foot of Desbrosses and Cortland streets and Philadelphia from depot Pennsylvania railroad, Thirty-second and Market streets.
