Financial and Commercial Affairs.

Notwithstanding the outflow of currency to the interior in connection with the movement of the crops, the offerings of capital here continue on a very extensive scale, giving all responsible borrowers the advantage in all pending negotiations as to rates. The demand is unusually moderate and wholly free from urgency in any prominent instance. Reports from Washington as to the contemplated resumption of funding operations and the formation of a new syndicate, have formed an interesting topic for discussion in financial circles, but have not otherwise seriously influenced the course of the several markets here. Call loans have been quoted at from 1 to 2 per cent, and the best mercantile credits at from 3@5 per cent per annum. The Coal trade interests have been more or less excited during the week, by reports of the abandonment of the combination movement. On Tuesday, this change of programme was formally made public, and resulting therefrom was the announcement that on next Tuesday, Aug. 29th 500,000 tons of coal would be offered at auction in this city on account of the Philadelphia and Reading Coal and Iron Company, Delaware, Lackawanna and Western Railroad Company, Pennsylvania Coal Company, and Delaware and Hudson Canal Company.

National Bank notes received at the Treasury Department last week for redemption were to the amount of \$4,471,000. The City Banks have had their deposits cut down \$508,500, and their legal tender reserve reduced \$1,098,900. The specie average has been diminished \$1,218,600. The loan and discount item has been enlarged
